Elderly People Helped Free

The last years of life are the sweet-
est, and yet the most difficult to pro-
long. It is then that the greatest care
is exercised in maintaining bodily
health. But the chief care should al-
ways be with regard to the food you
eat and whether you are digesting it
properly. You should not allow your-
self to become constipated.
No doubt, you have tried salts and
cathartic pills, purgative tablets, etc., and
have come to the conclusion that they are
violent in action and do but temporary
good. Listen, then, to the voice of ex-
perience with regard to a wonderful and
mild laxative, Dr. Caldwell's Syrup Pepsin.
It is not new, only we are trying to
find new friends for it.
A. A. Feltz, of Johnston City, Ill., suf-
fered from stomach trouble for six years
and found his cure in Dr. Caldwell's
Syrup Pepsin. His wife uses it too with
success. We could name hundreds of
others. Some heard of it first through
neighbors or friends; others through the
doctor's offer to send any sufferer from a
stomach, liver or bowels complaint a free
sample bottle for trial, without charge.
If you will send your name and address
he will send you a trial bottle direct to
your home. If it proves itself as he
claims then continue the treatment by
buying a 50-cent or \$1 bottle of your
druggist, as all of them sell it. Old people,
like children, should look for purity, and
it is well to mention that the purity of
this remedy is vouched for with the U. S.
government. Also, though a free bottle
is sent to prove its merits, results are
always guaranteed from the regular
bottles bought of druggists, who will re-
fund your money if it does not satisfy
you. Send at least for the free test bottle
today.

If there is anything about
your ailment that you don't
understand, or if you want
any medical advice, write
to the doctor, and he will
answer you fully. There is
no charge for this service.
The address is Dr. W. B.
Caldwell, 500 Caldwell bldg.,
Monticello, Ill.

Groundhog Got Out too Far.

Although the sun was shining bright-
ly at Princeton, Ind., Wednesday, at
least one groundhog came out of his
hole and did not return to it. The
groundhog was seen in a field just out-
side the city by Dock and Levi Hughes
and with a dog they captured it before
it could reach its hole. Farmers say
groundhogs evidently have mislaid
their calendar this season, as they
have been coming out for several
weeks.

Better than Finding Pole.

Three meteorites which were
brought from the Arctic by Comman-
der Peary and presented to his wife,
have been sold by her for a sum said
to be nearly \$50,000. The purchase was
Mrs. Jeap, widow of Morris K.
Jeap, who assisted largely in financ-
ing the Peary explorations. Mrs.
Jeap has given them to the American
Museum of Natural History.

The meteorites are the largest in
the world. One of them weighs about
80,000 pounds, the others about 20,000
pounds each.
For years Arctic explorers, noticing
that the Eskimos used metal tipped
instruments and weapons asked where
the metal came from. Their only an-
swer was "the iron mountain." After
many trips Peary found out the loca-
tion of the iron mountain, which proved
to consist of three great meteorites,
90 per cent. pure iron. After great
difficulty and considerable danger, they
were taken aboard ship and brought to
New York.

Langley Gets a Turn Down.

John Berryman will probably not be
reappointed postmaster of Versailles.
He has served twelve years.

Robert H. Winn, Republican State
Chairman, Saturday won the only re-
quest he has made of President Taft.
At a final conference in the White
House it was definitely decided that
Harry Lockridge will be appointed
postmaster at Mt. Sterling. Lock-
ridge is Winn's nephew.

Hitehook was at the White House
with Congressman Langley. Lock-
ridge's appointment is a turn-down for
Langley. He endorsed Harry G. Wood.
The President said that since this was
the only and particular matter in which
Mr. Winn is interested, he did not feel
like opposing the State Chairman's
wishes.

Struck a Rich Mine.

S. W. Bend, of Coal City, Ala., says
he struck a perfect mine of health in
Dr. King's New Life Pills for they
cured him of liver and kidney trouble
after 12 years of suffering. They are
the best pills on earth for constipation,
malaria, Headache, dyspepsia, debility,
25 cents at Oberdorfer's.

An Expensive Luxury.

W. Gould Brotaw's defense of his
wife's separation suit is estimated to
have cost him \$75,000 while the court's
decision filed Friday, will compel him
to pay the former Mary Blair \$1,250 a
month alimony. Brotaw's counsel or-
dered to be preparing to appeal.
A report to that effect, however, did
not seem to affect the spirits of the
victorious plaintiff. "I never really
had much doubt about the verdict, she
declared, and she was equally confident
that if an appeal were filed it would
meet with no success.
According to James A. Blair, her
father, Mrs. Brotaw will shortly go
abroad with her mother and sister.

When California Was Unknown.

In an old geography printed in 1816
appears the following: "California is
a wild and almost unknown land.
Throughout the year it is covered with
dense fogs, as damp as unhealthy.
In the interior are volcanoes and vast
plains of shifting snows, which some-
times shoot columns to great heights.
This would seem nearly incredible
were it not for the well authenticated
accounts of travelers."

A Considerate Composer.

It is not always the great conductor
that shines as a composer, though un-
fortunately he often labors under the
delusion that such is the case. On one
occasion Hans Richter was present at
a concert given by a brother composer
at which the latter performed a long
and not particularly interesting work
of his own. When the composition
came to an end Richter expressed his
criticism in a very few words. "Well,"
he said, "I, too, had written composi-
tions to make a pile so high," raising
his hand three feet from the ground,
"but I had burned them!"

Trades and Diseases.

Breweries and tanneries and print-
ing ink factories confer exemption
from tuberculosis, and employees in
turpentine factories never have rheu-
matism. Copper mining excludes the
possibility of typhoid among the work-
ers.—Harper's Weekly.

Humility.

Humility is the means of progress.
When we realize how little we know
we shall yearn and strive to know
more. When we feel how imperfect
is our character, and not till then, we
shall make earnest efforts after our
improvement.

The Gazette Van Gent.

The oldest newspaper in Belgium is
the Gazette Van Gent, which received
the privilege of printing the Gentsche
Post-Tydinghen on Nov. 17, 1693, and
which has existed almost continuously
since the first number was printed on
Jan. 1, 1697.

A Frequent Source of Resentment.
"What makes that man dislike you
so much?"

"I haven't the faintest idea," an-
swered the student of human nature.
"Probably he has played me some un-
derhand trick that I don't know any-
thing about."—Washington Star.

A Decorative Misa.

"They do not seem to have got any
further with these decorations than
suspending a few lights from the ceil-
ing."

"Yes; it struck me, too, that it was
a case of hanging fire."—Baltimore
American.

The Feminine Tenderfoot.

Young Lady (on first visit to western
ranch)—For what purpose do you use
that coil of line on your saddle? Cow-
puncher—That line, as you call it, lady,
we use for catching cattle and horses.
Young Lady—I dare say. Now, may I
ask what do you use for bait?—Judge.

meant well, but Made Him Nervous.
Mr. Fijit—Please don't send that
messenger boy who stutters up to my
house again. Telegraph Manager—
What did he do? Mr. Fijit—Nothing.
But I gave him a twenty-five cent tip,
and he bung around all afternoon try-
ing to say "Thanks."—Exchange.

A Sign.

"Blanchard must lately have made a
lot of money somehow."

"I haven't heard about it."
"I haven't either, but he addressed
our Sunday school recently and said
it was a blessing to have a struggle."—
Chicago Record-Herald.

Good For Evil.

"I trust you try to return good for
evil," said the high minded man.
"I not only try," said Mr. Sirius
Barker, "but I succeed. Bliggins gave
me one of his cigars yesterday, and I
gave him one of mine this mornin'!"—
Washington Star.

Anonymous.

"Now, Johnny," said the teacher of
the juvenile class to a pupil, "anony-
mous means without a name. Can you
give me an example?"
"Yes, ma'am," answered Johnny.
"The baby that arrived at our house
yesterday is anonymous."—Exchange.

Origin of Waltzing.

The waltz originated in Germany
during the latter part of the eighteenth
century, but did not become fashion-
able until 1800. It was introduced into
England by Baron Neuman and oth-
ers in 1813. It is termed a popular
round dance of three-quarter time.

Making It Worse.

Magistrate (to prisoner)—Did you
really call this gentleman an old fool
last night?

Prisoner (trying to collect his
thoughts)—The longer I look at him
the more probable it seems to me that
I did.—London Fun.

Light Wood.

The wood of a tree growing on the
coast of lake Tehad, in Africa, has
even less specific gravity than cork.

Holland Customs.

Holland has some peculiar customs.
In many towns bulletins are affixed
to the doors of houses in which per-
sons are sick in order that their friends
may be apprised of the state of their
health without knocking or ringing,
and in Haarlem the birth of a child
is announced by means of a small
placard adorned with red silk and
lace.

Pinched on the House.

Jack—I just saw your wife, old man.
She was simply stunning. By the way,
you're looking rather miserable your-
self. What's up? Tom—Don't get
enough nourishment; that's all. You
see, I arranged with my wife a month
ago to give her a certain amount each
week, out of which she was to pay
household expenses and buy her
clothes.

Despair and Despondency

No one but a woman can tell the story of the suffering, the
despair, and the despondency endured by women who carry
a daily burden of ill-health and pain because of disorders and
derangements of the delicate and important organs that are
distinctly feminine. The tortures so bravely endured com-
pletely upset the nerves if long continued.
Dr. Pierce's Favorite Prescription is a positive cure for
weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain.
It tones and builds up the nerves. It fits for wifehood
and motherhood. Honest medicine dealers sell it, and
have nothing to urge upon you as "just as good."
It is non-secret, non-alcoholic and has a record of forty years of cures.
Ask Your Neighbors. They probably know of some of its many cures.
If you want a book that tells all about woman's diseases, and how to cure
them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing
only, and he will send you a free copy of his great thousand-page illustrated
Common Sense Medical Adviser—revised, up-to-date edition, in paper covers.
In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
